EDUCATION

Denison University Expected Graduation: May 2029
Bachelor of Computer Science, Cumulative GPA: 3.67 Granville, OH

SKILLS

Programming Languages: C++, Python, HTML, CSS, JavaScript, MySQL
Technology: Godot, Git, GitHub, CLI, Docker, Node.js, Firebase/Firestore

EXPERIENCE

BETTR Analytics October 2026 - Present
Software Engineer Intern Granville, OH

- Built an AI content agent on Node.js serverless functions, Firestore, and the Claude API that generates daily social posts and a weekly newsletter from live web search, with schema validation and an approval dashboard that gates all publishing
- Developed features for BETTR's prediction-market terminal as part of the engineering team's product suite, working in a shared codebase alongside full-time engineers

Denison University Library August 2026 - Present
Research Assistant Granville, OH

- Built a Playwright web scraper that automates catalog lookups for librarians' Excel inventories, verifying titles, counting holdings, and writing results back to the spreadsheet
- Deployed it as a web app where librarians upload collections, speeding up the weeding process saving over **100** hours of work annually

Eugenics Ghost Project May 2026 - July 2026
Web Development Intern Granville, OH

- Built a custom Omeka S theme and HTML content blocks from scratch to publish the digital archive
- Containerized the stack (PHP/Apache, MariaDB) with Docker Compose and deployed it to a Raspberry Pi 5
- Configured a Cloudflare Tunnel and DNS migration to serve the site at a custom domain with no port forwarding or static IP

LEADERSHIP AND INVOLVEMENT

Robotics Club September 2025 - Present
President Granville, OH

- Building a chess-playing robot (C++, Raspberry Pi 4, Arduino, gantry): it executes the player's move on a physical board, then plays its own reply chosen by the Stockfish engine
- Led the design, construction, and programming of a competition robot that placed **1st** overall in a maze-navigation competition, with autonomous navigation and a manual override

Coding Club September 2025 - Present
Member Granville, OH

- Placed **1st** of 5 teams in the club game jam, building a Godot game with C# in 3 weeks
- Placed **1st** against 8 other bots in the DU Slither Competition with a Python snake bot built over 8 weeks, winning a $100 Raspberry Pi

TCB | 10th Planet Newark August 2024 - Present
Amateur Fighter Rogers, AR | Newark, OH

- Trained MMA and kickboxing 3-5x weekly at TCB while mentoring younger fighters
- Trained No-Gi Brazilian jiu-jitsu at 10th Planet Newark, continuing grappling practice at Denison
